Webinar on Circular Economy

Circular economy in the global value chains. Do European Union policies boost its implementation?

This event is part of IN4ACT Webinar Series for researchers, organized by [ERA Chair project Industry 4.0 impact on management practices and economics \(IN4ACT\)](https://in4act.ktu.edu/)(<https://in4act.ktu.edu/>).

Presenter: Dr. Manuel E. Morales, IN4ACT Researcher.

Discussant: Dr. Eduard Nedelciu, ERASME Researcher.

They will address the role of normative differences according to the production processes and materials origins in the circularity of global supply chains
