PhD seminar

Cotton producers' preferences for climate services: a choice experiment approach

12.00 pm: Julie Bompas will present her research project on weather and climate services tailored for cotton producers.

She is writing a PhD thesis on climate services for the cotton sector in Côte d'Ivoire under the supervision of Catherine Araujo Bonjean(https://cerdi.uca.fr/version-francaise/unite/lequipe/annuaire/catherine-araujo) . Julie Bompas is also working at the Agence française de développement(https://www.afd.fr/fr).
